Research Ethics Board DATA USE LETTER for dbGAP Submission

Date: 26 October 2012

To: Stacey Donnelly
Director of Sponsored Research and Compliance
Broad Institute
Seven Cambridge Center
Cambridge, MA 02142

From: Dr. Jack Holland, Co-Chair of the University Health Network REB

Project Name: A Genomic Survey of Oncogene Discovery in Carcinoid

The UHN REB has reviewed the Consent document for the above mentioned study. The research uses of the data and the uses that are specifically excluded by the informed consent documents and/ or by the REB are described thus:

Data Use Limitations

1. Samples' and Data' use are restricted to Cancer Research.
2. Please note that the Consent Form has no restrictions for the use of the samples for the whole genome sequencing and including derived data in a public database such as NIH sponsored NCBI dbGAP database.

Note: Commercial Use of the samples and data should follow Material Transfer Agreement.

UHN REB Official:

Signature:  Date: Oct. 26.10. 2012.

Printed Name: Dr. Jack Holland, UHN REB Co-Chair, Oncology
